

822

118 DAYS  
Available As: VA EZR GT

- 118 RM Viptera® hybrid
- High yield performance capabilities under irrigation
- Medium-tall plant type with medium ear placement with a flex ear type
- Good Goss's Wilt tolerance ratings
- Watch outs are the roots are just average and has average seedling vigor
- Great silage option that is adaptable to multiple yield environments

## ENVIRONMENT

CENTRAL DRYLAND

WESTERN DRYLAND

LIMITED IRRIGATION ✓

FULL IRRIGATION ✓

## CHARACTERISTICS

GDD-BLACK LAYER 2810

DRYDOWN 7

DROUGHT TOLERANCE 4

RATING SCALE: 1-9, 1 = BEST

Before opening a bag of seed, be sure to read, understand and accept the stewardship requirements, **including applicable refuge requirements for insect resistance management**, for the biotechnology traits expressed in the seed as set forth in the Technology/Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation and agreement to comply with the most recent stewardship requirements.

**Important: Always read and follow label and bag tag instructions; only those labeled as tolerant to glufosinate may be sprayed with glufosinate ammonium based herbicides.** Viptera® is a trademark of a Syngenta Group Company.

**LIBERTY LINK** Seed products with the LibertyLink® (LL) trait are resistant to the herbicide glufosinate ammonium, an alternative to glyphosate in corn, and combine high-yielding genetics with the powerful, non-selective, post-emergent weed control of Liberty® herbicide for optimum yield and excellent weed control. LibertyLink®, Liberty® and the Water Droplet logo are registered trademarks of BASF.
